INTERMEDIATE PART-II (I2** CLASS)   COMPUTER SCIENCE (OLD SCHEME)	Paper C	Code		2015 (A)	Roll No:	
OMPUTER SCIENCE (OLD SCHEME)  PAPER-II  OBJECTIVE  NOTE: You have four choices for each objective type question as A, B, C and D. The choice which you think is correct, fill that circle in front of that question number. Use marker or pen to fill the circles. Cutting or filling two or more circles will result in zero mark in that question. Attempt as many question as given in objective type question paper and leave others blank. No credit will be awarded in case BUBBLES are not filled. Do not solve question on this sheet of OBJECTIVE PAPER.  QNo.1 (Either from "MS-ACCESS & C-LANGUAGE" OR from "MS-ACCESS & USUAL BASIC"  (C) Data Business Model System  (C) Data Business Model System  (D) Data Business Model System  (E) Data Business Model System  (D) Data Business Management System  (E) Data Business Model System  (D) Data Business Management System  (E) Data Business Model System  (E) Data Business Management System  (D) Data Business Management System  (E) Data Business Management System  (D) Data Business Management System  (E) Data Business Management System  (D) Relationship  (C) Each cattly must have a primary key  (D) Pater Data Automatic Management System  (D) Relationship  (E) Data Business Management System  (D) Relationship  (D) Relationship  (E) Data Business Management System  (D) Relationship  (E) Data Business Management System  (E) Data Business Management System  (D) Relationship  (D) Relationship  (D) Relationship  (D) Relationship  (D) Relationship	Number	4831				
Note: You have four choices for each objective type question as A, B, C and D. The choice which you think is correct, full that circle in front of that question number. Use marker or pen to fill the circles. Cutting or filling two or more circles will read to the stark in that question. Attempt as many question as given in objective type question paper and leave others blank. No credit will be awarded in case BUBBLES are not filled. Do not solve question on this sheet of OBJECTIVE PAPER.  QNo.J.
